Greetings!!!

Just wanted to update all of you on our awesome conference *Igniting Revival Fires*—it was hosted on June 24 - 26th by Pastor Graham Cathers, Living Faith Christian Church, Northridge, California. After working two months organizing this conference, visiting with pastors, and talking with their church congregations to unite and pray with us, all our labors finally paid off. Crowds of hungry people joined with us for three days of God's Word and Spirit touching those in attendance.

The ministry of worship leader Brad Alford took us to a higher dimension of worship; we could have gone on for hours in the presence of the Lord. What a way to start a three day conference! I saw faces in attendance that came from as far as Germany, New Mexico, Ohio, Oregon, and San Jose,

Michael-John with Music Ministers Brad Alford and Kathy Jordan

Camarillo, Lancaster and San Diego, California. Many pastors and full time ministers came with expectations of receiving a fresh word and a renewing touch of the Holy Spirit. The Holy Spirit directed me to pray for leaders and church members who had hope deferred and discouragement. At the end of the service, which we could hardly bring to an end, people were dancing and leaping with New Fire for God.

Saturday morning we held a Healing Room with Michael-John Toste, a prophet with an amazing healing gift, and music minister, Heike Barth, from Germany, who set the stage with high praises. We could feel the awesome presence of God healing many that came with incurable diseases and ailments. As Michael-John preached on the *Prayer of Faith that Healed the Sick*, people left three hours later testifying of being healed, others of being filled with the Holy Ghost. Many rededicated their lives and accepted Christ. One testified she was healed of high blood pressure and other ailments—neck pain

disappeared! Michael-John and Dennis flowed praying for those in attendance for all the needs presented.

The afternoon meeting was held, with a wide variety of folk: stuntmen, personal trainers, competitive bodybuilders, businessmen, pastors and evangelists. I was overwhelmed with joy to see tears flowing down the faces of young people as I released the Word of the Lord to them. There were no dry eyes that left this meeting. Many said they received fresh fire to go higher with God as I preached on *A Life Worth Living for Christ*.

Saturday night, Benjamin Arde, from South Africa, spoke on *Being Healed from Defaming Words* from the mouths of gossipers and slanderers. We are still receiving praise reports on how people were released from harboring unforgiveness and bitterness. Pastors Mark & Kathy Jordan, from Las Cruces, New Mexico, took us to a higher level of praise in their anointed worship. Tom Sirotnak from SEND Ministries came up for prayer for broken knee caps. He was blessed by support and prayer from the brethren.

Sunday morning, I spoke at Living Faith Church in Northridge, and felt a new peace and release of power in the meeting. Sunday evening, our final meeting closed out with everyone in one accord for healing, deliverance, and power. Many lives were touched and they went home with fresh anointing.

On Thursday, June 30th, I taught at Prophet Gus Atadero's Prophetic Workshop held at Living Faith Church in Northridge. We had a Holy Ghost meeting and many spoke in their heavenly language, received Holy Ghost laughter and were prayed for and given words. We had a Chinese woman speak in her native tongue. Everyone was ministered to. More recently we enjoyed the fellowship of the saints, in the Central Valley of California. On Saturday, July 16th, I was the guest speaker at the Full Gospel Businessmen's meeting in Tulare, California. We had a full house and people were really blessed. There was a junior member in attendance with his dad. Blessing the father and the son gave me and everyone in attendance great joy. How I love ministering to our next generation.

The following Sunday morning, Pastor Ernie Cotta, from Christian Faith Fellowship in Visalia, gave me the opportunity to preach the Word with power to his congregation. I believe the presence of the Holy Spirit blessed all in attendance. Afterward we gathered in their fellowship hall for lunch and sharing with one another. We left quickly for Bakersfield, where I ministered in the Heart of God Healing Room hosted by Vessels of Honor Ministries with Pastor Charles Lack and Healing Room Director Margie Chavez. The Fire of God came evidenced by healings and strong prophetic anointing. It was truly a joyous experience to be with these loving saints in the Central Valley.

**Special thanks to our family members and friends who helped out with the conference—God bless you all .*

We are looking forward to ignite our meetings in another city and state. We will keep you posted.

God bless all that attended.

Yours for revival,

Dennis and Anita Tinerino
